

Opportunity Funding Expenditure Report

District	Grant	School	Budget Item	Expected Impact	Budget Amount	Actual Expenditure
Providence Creek Academy Charter School (LEA)	Flexible Funding	Providence Creek Academy Charter School	Continue Employment of a Full-Time Dean of Academics	Providence Creek Academy (PCA) will continue to utilize its Opportunity Funds to continue the employment of the Dean of Academics. The Dean of Academics will continue to support English Language Learners (ELL) and Low Income (LI) students to close the gap between students identified as ELL and LI with the overall student population's baseline performance with an overall goal of reducing non-proficiencies by 50% as measured by SBAC assessment data and local assessments through the school's Multi-Tiered System of Supports (MTSS). PCA attributes its success to highly effective content and data driven professional learning communities (PLCs) that were created by the Dean of Academics. These PLCs are facilitated by the Dean of Academics in conjunction with the instructional coaches. PCA students have continued to close these gaps through the work of the Dean of Academics and programming resources including data driven PLCs, instructional coaching, professional development, and targeted student-centered interventions. The Dean of Academics will continue to implement a comprehensive system of MTSS to ensure students identified as ELL and LI receive the targeted small group and large group remediation needed to achieve enhanced academic programming through Tier I, Tier II, and Tier III interventions while those identified as proficient will continue to receive differentiated support in Tier I. Additionally, the Dean of Academics will continue to implement MTSS through the training of PCA staff on its implementation, practices, and monitoring.	\$151,980.00	\$151,980.00
